

50 YEARS

2 million  
valves & fittings later...

There's still only **ONE**  
High Pressure!

Since our founding 50 years ago, we've been focused on producing quality valves, fittings and accessories for high pressure applications. In fact, we've shipped over 2 million high pressure valves and fittings to our loyal customers. Today, we manufacture a complete line of products designed to provide leak-free operation at pressures ranging from 10,000 psi to 150,000 psi, including our 40,000 psi high flow line for waterjet applications.

What has made us so successful for so long? The right combination of quality, delivery and price. We're ISO9001 certified and stock an extensive inventory that allows us to offer same day shipping of many products. For special orders, including custom manifolds, we have short lead times and technical/engineering support. And you won't find a more cost effective solution anywhere.

If you're looking for a responsive supplier that understands high pressure, remember there's still only ONE High Pressure ...HiP.

ISO 9001  
CERTIFIED

**HiP...Our Name is High Pressure**
